Cellar White Wines

CHARDONNAY

KISTLER

Kistler Vineyards is a small, family-owned and -operated winery in the Russian River Valley specializing in the production of Burgundian-styled Chardonnay and Pinot Noir

Kistler Chardonnay is made using traditional French techniques, with the winemaker himself performing the cellar work on the wines. Kistler Chardonnay has a distinct character. It is completely barrel-fermented using indigenous and cultured yeasts, is aged in 50% new French oak barrels unracked and in contact with all its fermentation lees, has undergone a malolactic fermentation, receives minimal handling and processing, and is bottled unfiltered and, generally, unfiltered after 11-18 months of barrel age.

Marcassin

In a wine world so impacted by men it is a honor to have Helen Turley's wine, she is the *first* domestic female winemaker as well as a pioneer. If you haven't heard of Helen Turley, or tasted one of her wines, you've definitely not been paying close enough attention to the wines coming out of California in the last 10 years. She is arguably one of the most influential winemakers in the business, receiving critical acclaim for almost every wine she touches. Aside from her own boutique winery, Marcassin, which she runs with husband John Wetlaufer, Helen has been the consulting winemaker for some of the best wineries in the country – Colgin, Bryant Family, Martinelli – just to name a few.

Marcassin (french for 'young wild boar') is a VERY small winery – in fact it's so small that the wines have actually been made at the Martinelli winery in Russian River Valley. Located on the Sonoma Coast, the Marcassin vineyard is planted to 50/50 Chardonnay and Pinot Noir and is about 10 acres in size. Fruit for the other vineyard designated wines is sourced from other neighboring vineyards. Marcassin will always be a small winery; John & Helen feel the perfect size is 100 barrels, enough for 2,500 cases and we are fortunate enough to be able to carry it and share these special wines with you.

Helen's winemaking philosophy is simple: great vineyards, meticulously farmed, limited yield, long hang time and natural yeast. She approaches every project with these same priorities.
